about
gazebos.com

Gazebos.com has been manufacturing quality gazebos in the U.S.A. for over 30 years.

Gazebos.com, a Leisure Woods company, is a family owned business and premier manufacturer of gazebo kits since 1982. We offer a variety of pre-engineered gazebos designed to compliment both the residential and commercial environments. Gazebos.com is synonymous with timeless designs and quality craftsmanship. Our artisan heritage and attention to detail is evident throughout the design and manufacturing process.

- ▶ We have specialized in manufacturing quality gazebos since 1982.
- ▶ Gazebos.com is the best source for quality pre-engineered gazebos.
- ▶ We are the manufacturer of gazebo kits and not just an online retailer.
- ▶ We pay close personal attention to you and your project needs. You will speak directly with the people who make the gazebos, not just an order taker.
- ▶ Buy direct from the factory, not a middleman.
- ▶ Whether you need one gazebo or several, a small gazebo or a pavilion, we are committed to the success of your project.
- ▶ Our products are intended for the "DIY" homeowner as well as the commercial contractor.

QUALITY

Looking for quality materials, appealing designs, easy assembly and flawless expertise and craftsmanship? Gazebos.com offers all that and more, resulting in a versatile gazebo kit that shows no hint of prefabrication. Each one of our customers is special, and we pride ourselves on our ability to build unique relationships with each of them. Discover how we can help you find the perfect gazebo, pergola, pavilion or three season gazebo for your outdoor space.

History

- ▶ Since 1982, we have been offering unsurpassed services, skills and expertise. Our team of experienced craftsmen have numerous years of combined experience, providing our customers with quality products of the highest caliber.

Reputation

- ▶ When purchasing a gazebo kit, you want a manufacturer who is known for providing quality products. With Gazebos.com, you're getting just that. We take a personal interest in each of our customers to ensure their wants and needs are being considered each step of the way. With customer service as a top priority, we've assisted hundreds of customers in creating outdoor spaces that they can enjoy for a lifetime.

Knowledge

- ▶ Our gazebo kits are the perfect example of timeless designs and quality craftsmanship. Our craftsmen are thoroughly trained to ensure your product is made to match our high standards - and yours. Our entire team receives coaching and training to provide top-notch customer service and unwavering knowledge of our products.

Passion

- ▶ When someone is truly passionate about something, it shows. Here at Gazebos.com, it's no secret that we are passionate about what we do. From purchase to delivery we are there for our customers through and through, and enjoy every moment of it. We truly love what we do, and are excited about every customer and their unique setting.

Design

- ▶ Not many homeowners, contractors, or even other manufacturers have the design and engineering talents necessary for optimum aesthetic appeal in producing a wide variety of styles. Our design and engineering staff is consistently working on new designs and structural improvements, as well as improving our existing products, making us a trendsetter in the industry.

Quality

- ▶ The secret to a great product is quality. At our manufacturing center, we only employ highly skilled and experienced millwrights who impart their talents and quality concerns into each kit. At the workshop we are able to utilize machines that are exclusive to the environment and not available for jobsite use. Working in this controlled environment ensures quality components for each gazebo kit.

Limited Lifetime Warranty

Gazebos.com extends to their customers a Limited Lifetime Warranty of any manufacturing defects that are not caused by normal wear and tear on all their gazebo products as you long as you remain in your home.

When used and maintained properly, Gazebos.com guarantees that our products will remain structurally sound. Normal wear and tear, fading of exterior surfaces and general aging are all common on any outdoor products exposed to the natural elements and are not covered under warranty. As with any building located above ground, settling may occur. Periodic cleaning, painting, caulking and control of vegetation growth around the gazebo are necessary to maintain warranty.

Providing that your gazebo product has been properly assembled or installed according to manufacturer's instructions and that the gazebo has been properly maintained, we provide the following:

- ▶ We guarantee the wood against structural damage from rot.
- ▶ On cedar products, we guarantee any splits that have gone completely through the cedar and that have opened up more than 1/8th of an inch.
- ▶ On cedar products, we guarantee against excessive and large splintering.
- ▶ We provide a 10 year guarantee that all vinyl will not crack or discolor.
- ▶ This warranty does not cover the following:
 - Any grain raising of the wood
 - Tannin acid stains
 - Broken glass from window/screen packages after acceptance of delivery
 - Holes in fiberglass aluminum screening

Gazebos.com assumes no responsibility and will be held free and clear of any liability for any assembly by customer, contractor and/or dealer, other than gazebo.com. Further, customer, contractor and dealer agree to hold gazebo.com free of all liability.

gazebo.com shipping terms

Our manufacturing center is located 65 miles northwest of Chicago IL. We deliver gazebos on our own trucks within a 3 hour radius. For all other areas, gazebos are shipped via select freight carrier.

- ▶ We make shipping your gazebo a simple process.
- ▶ Gazebo kits are shipped in pre-assembled wall & roof sections.
- ▶ All fastening hardware is included.
- ▶ Gazebo kits are shipped via select freight carriers.
- ▶ Shipping costs will vary according to the size of your gazebo and your shipping destination.
- ▶ Please contact our customer service for a shipping quote.

Simple, quiet comfort can be yours with your own handcrafted gazebo – the perfect addition to your outdoor living space!

FREQUENTLY ASKED QUESTIONS

What materials are used in your gazebos, and what are the advantages of each?

Gazebos.com gazebos are available in three materials: Western Red Cedar, Southern Yellow Pine, and Vinyl. Our cedar gazebos are manufactured using only clear and Select grade, kiln dried Western Red Cedar, which is a wood of exceptional quality, durability, and beauty. Western Red Cedar contains natural oils, which act as preservatives to help the wood resist insect attack and wood decay. It is also a dimensionally stable wood which lies flat, stays straight, ages gracefully, and is extremely durable.

Our Pressure Treated Pine gazebos are made of #1 that has undergone the next generation of pressure treatment. The new, patented Wolmanized Outdoor Wood carries a lifetime warranty against termites and fungal decay. Additionally, the pine is kiln-dried both before and after the pressure treatment in order to reduce checking and twisting.

Our vinyl gazebos are made from reinforced vinyl materials which require little maintenance and only occasional cleaning. Vinyl gazebos are very popular for our customers, who expect and want years of low maintenance and high performance, despite above-average use. Combined with a composite deck and asphalt or rubber shingles, a vinyl gazebo is virtually maintenance-free for the life of the structure.

How long does it take, and what skills are required to assemble your gazebo kits?

If you have basic mechanical or carpentry skills, along with a helper, your gazebo should be easy to assemble. Standard household tools, such as a hammer, screwgun and a socket wrench set are required. Depending on the gazebo's size,

it can be completed in the course of an afternoon, or, in the case of some of the larger or double-roof models, a weekend. Feel free to contact a Gazebos.com specialist with any questions you have in the course of assembly and installation.

Is a building permit required?

The answer varies from town to town. A quick call to your local building inspector is a great place to start. Requirements to obtain a permit can range from a simple form, to specification charts to engineer stamped drawings. If drawings or specifications are required by your local inspector, we are happy to supply them for an additional charge.

I have an existing deck, concrete patio or paving bricks, do I need to purchase a floor package?

No, it is not necessary. If your deck, concrete patio or paving bricks are level and in good condition, the gazebo can be attached directly on top with some additional preparation. However, a floor package can be installed over these surfaces as well. Please contact a Gazebos.com specialist for further details.

Are your screens removable?

The screens in our gazebos are easily removed. If you live in a harsh climate, you may want to remove the screens for the winter months.

How long does it take to receive my gazebo once I place an order?

We do not stock gazebo kits. Each one is custom made for our customers. The time it takes to produce your gazebo depends on the season and where you live. During peak

FAQ's CONTINUED

season (spring / early summer), order to shipping time is 3 to 4 weeks. During the off season, this can be as little as 1 week! Transit time to your site can take anywhere from 2 to 6 business days.

Do you handle custom or special orders?

Leisure Woods Gazebos.com recognizes special needs and has the capability and manufacturing space to allow for custom adaptations.

If your gazebo project requires designs, shapes or sizes that are not available in our standard products, please contact us. We are excited about helping you with your custom gazebo needs and have satisfied many unique custom

orders for our residential and commercial customers.

Being the manufacturer, Gazebos.com has the potential to customize any product we offer on our web site. Please contact our specialists for further details.

Do you offer discounts?

Our gazebos are a great value, top quality at an affordable price – and we offer the lowest shipping costs available. Please contact our gazebos.com specialist to find out our current sales, specials, and display model sales. If you are ordering multiple units, are a non-profit organization, or are interested in our Contractor or Dealer Program, please contact us at 888-4-GAZEBO.

"We are extremely pleased with the style, quality and workmanship of the Gazebo. I spent a great deal of time researching the many Web sites that advertise Gazebos and there is a tremendous amount of junk out there. It's back to the old adage you get what you pay for. I would highly recommend Leisure Woods to anyone interested in purchasing a Gazebo. Thanks again for building a great product."

John W. Vanden Bos HOLLAND, MI

"The 18' gazebo I purchased has turned out wonderfully. I built the gazebo for my Eagle Scout Service Project for the Frank Hren Foundation. They are very satisfied with the results. I will recommend Leisure Woods to anyone who asks me about gazebos. I hope the gazebo lasts for a hundred years."

Jim Koob, Eagle Scout Candidate HUNTLEY, IL
